3. Project LIFT- busy but not overly busy. Calm month. No major expenses... did get the check from the town.
4. Museum pass reimbursement- ;ast year, under 200. But... thoughts about the adding a policy statement regarding "for Hillsboro Residents only". All agree. Some discussion of summer residents who own property in town.
5. Considering changing policy regarding use of upstairs meeting space. Samantha will likely work on that. (this discussion was out of the agenda order... oops.)
6. 3rd floor report- work is almost done...flooring is done. Hallway needs work. Moving furniture in needs to be done. Some discussion of pianos. Some discussion of lighting needs- we have the globes, but not the pendant chain bits. Samantha will measure the globe size, and Bob will look for other bits needed. We may need to organize a work day to clean, and stain, and urethane, and clean again, and move stuff.
